MYSORE P. W. DEPARTMENT.

TO THE DEWAN OF MYSORE

FOR ~~ORDERS~~ SANCTION.

—o—

The provision of stabling accommodation for horses, carriages and motors was one of the improvements of the Cubbon Park at Bangalore, sanctioned in Government Order No.735-7/P.W.4837-9 dated the 12th June 1913. The work has since been completed at a cost of Rs 11,680. The number of sheds available are 72, viz., 30 stalls for horses, 36 carriage sheds and 6 motor sheds.

2. In paragraph 2 of the Government Order referred to, it was ordered that, to cover the interest charges on the outlay incurred on the building, a fee should be levied for the use of the stables in consultation with the officers concerned. Accordingly, the Superintending Engineer, Southern Circle, now sends up proposals. These are, (1) to levy a rent of rupee one for each horse or carriage shed and (2) Rs 3 for each motor shed, per month. It is proposed to appoint a resident watchman on Rs 8 per mensem in addition to utilising the existing Cubbon Park Conservancy Establishment to the extent necessary.

3. If all the sheds are occupied, the annual yield will be Rs 912 as noted in the margin which will give a return of nearly 8 per cent. The Superintending Engineer's proposals seem very reasonable and I solicit your sanction thereto. The same rate of rent may be charged for the existing stables outside the Cubbon Park.

(1) 30 horse stalls at Re 1	Rs 30 per mensem	
(2) 36 Carriage sheds at Re 1	Rs 36 "	
(3) 6 Motor sheds at Rs 3	Rs 18 "	
	Rs 84 "	
	or Rs 1,008	
Deduct Watchman's wages 12 x 8	96	
Net Total	Rs 912	

4. Rules defining the responsibilities of the various officers regarding the maintenance of the Cubbon Park will be submitted for approval on receipt of sanction to the present proposals.

Joint Secretary to Government,
P. W. Department.

Enclosure No. 1/2 Sl. copy of letter 1/1 Statt.

Sir,

Adverting to Government Proceedings No.736-7/4837-9 dated the 12th. June 1913, according sanction for the construction of stabling accommodation for the horses and carriages of the Government officers and other non-official gentlemen such as lawyers, in the Cubbon Park at Bangalore and stating that the rent to be charged therefor will be fixed in consultation with the officers concerned etc., I have the honor to forward herewith a copy of letter No.986 of the 15th. September 1915, together with that of its enclosure, stating that the rate of rent may be raised to one per cent on the capital cost of the building.

2. I am of opinion that the levy of

Mr W) Who are all the officers who should be consulted in this matter?

The rules governing the levy of rents of such residential buildings need not be applied to the stable accommodation now proposed. The rates proposed by the Exec Engr seem fair. It should however be seen what the return on the outlay would be after deducting the water main's charges.

If Rs 3 were levied for each motor car, & Re 1 each for the horse stall & carriage shed the total expected to be realized might amount to Rs 84 or Rs 1,008.- Deduct Water mains wages = Rs 96 Balance will be Rs 912. This will give us only nearly 7½ per cents per annum

MYSORE P. W. D.

Letter No.986 dated Bangalore, 11th./15th. September 1915, from the Executive Engineer, Bangalore Division, to the Superintending Engineer, Southern Circle.

&&&&&&&&&&&&

Newly constructed, carriage and Motar car sheds in the Cubbon Park at Bangalore.

I have the honor to forward herewith a statement showing the outlay incurred on the above and to state that as per Government order No.291-324/2149-82 dated the 20th. March 1908, the rate of rent chargeable per mseusem is half per cent on the capital cost of buildings occupied as residences. In the present case the building or rooms may not be hired permanently and some of them may remain vacant. It is not also compulsory that these sheds should be hired by officers. There may be difficulties to recover rent from private men such as lawyers. Further watchmen and other establishment may be required to keep the sheds clean and tidy. Under these circumstances the rate may be raised to one per cent. The Government in their order No. 736-7/4837-9 dated the 12th. June 1913 para 4 have stated that the rate of rent recoverable will be fixed in consultation with the officers concerned. I therefore request that a definite order may kindly be obtained regarding rate of rent and the procedure regarding recovery of the rent. In case of Government officers the rent will have to be recovered through the Treasury officer as in the case of rents for residential buildings and in the case of private individuals, cash recovery is the only course that could be adopted.

As regards establishment a watchman, a Daffedar and a Scavenger are necessary.

Proceedings of the Government of His Highness the Maharaja of Mysore.

Read:- Public Works.

Note dated the 16th January 1913 by the Secretary to Government, Public Works Department, submitting an estimate amounting to Rs.21,693 for the improvement of the Cubbon Park at Bangalore.

= = = = = =

No. 735-7 / 4837-9 Bangalore, Dated 12th June 1913.

File with

ORDER THEREON.- At present the surroundings of the Public Offices lack in dignity of appearance, and the lawns and flower-beds are not maintained in as trim and spruce a condition as the importance of the Central Office of administration demands. The roads, paths and grounds require to be generally improved and better looked after. It is also necessary to provide stabling accommodation in order to avoid indiscriminate parking of carriages all over the lawns. With a view to meet these requirements and carry out systematically the improvements now desired, an estimate amounting to Rs.21,693 has been framed by the Public Works Department. It is made up as under:-

1.	Railing the ovals and flower beds in the immediate proximity of the Public Office buildings in order to protect the shrubberies	Rs. 8,110
2.	Realignment of a few portions of road	Rs. 2,000
3.	Stabling accommodation for about 40 horses and 40 carriages, which are at present posted all over the Park.	Rs.10,583
		Rs.21,693

Government are pleased to sanction the estimate referred to and the work may be undertaken gradually as funds become a v a i l a b l e.

2. To cover the interest charges on the proposed outlay on stable accommodation, a fee should be levied for the use of the stables. Similar rent should be levied also for the use of the existing stables outside the Cubbon Park. Both Government Officers and other non-official gentlemen, such as lawyers, who may have to attend the Public offices daily on business will be allowed to hire the stables. Gentlemen unwilling to hire stable accommodation will be required to park their carriages at a particular spot to be selected. The rent to be charged will be fixed in consultation with the officers concerned.

3. It is also desirable that some rules defining the responsibilities of the various officers regarding the maintenance of the Cubbon Park should issue. The Chief Engineer is requested to do the needful in consultation with the Superintendent, Government Gardens, and the Secretary to Government, General and Revenue Departments, and submit the rules for the approval of Government.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Government Order (Public Works) No. 383-415—3378-410, dated the 24th June 1901, promulgating modified rules for the levying of rents on Government buildings used as residences, the maintenance and improvement of such buildings, etc.

No. 291-324—2149-82, DATED BANGALORE, 26TH MARCH 1908.

ORDER THEREON.—The existing rules under which rents are levied on Government buildings occupied as residences by Government officials according to the salary they draw, irrespective of the capital cost of the buildings, the ordinary repairs thereto being carried out by the tenants themselves, are not considered satisfactory; as not only does Government suffer pecuniary loss on the construction of such buildings out of public funds, but considerable trouble is experienced in getting the ordinary repairs satisfactorily carried out by the tenants. It is therefore considered desirable to adopt rules on similar lines to those of the Government of India, so as to secure a moderate interest on the capital outlay on these buildings, as well as an additional sum sufficient to cover the average annual charges for maintenance and repairs which should be carried out by the Public Works Department itself, the tenants being relieved of their obligation in this respect. The following modified rules are therefore promulgated (pending the issue of a local Public Works Code now under preparation) and they will have effect from the beginning of the next official year, 1st July 1908.

2. The rent for each building per mensem will be fixed by the Chief Engineer at half per cent on the present value of the building as shown in the registers (exclusive of charges on account of establishment and tools and plant), subject to the following conditions:—

(1) The rent charged for any building occupied by a Government officer shall not exceed 10 per cent on the salary (including personal allowances and local allowance) of the officer in actual occupation.

(2) When only a part of a building is occupied, the rent shall be proportionately reduced.

(3) When the capital cost of a building as shown in the registers is in the opinion of the Chief Engineer greatly in excess of its real value, so as to involve the assessment of a rental far above the value of the accommodation provided, application may be made to Government for sanction to write off a portion of the capital cost.

(4) Every fraction of a rupee less than half a rupee shall be taken as half a rupee in the results arrived at in calculating the percentages.

But Government reserve to themselves the right of fixing a special rent in such cases as they may consider necessary.

3. No rent will be charged—

(1) To officers in receipt of a salary under Rs. 15.

(2) To officers whose residence within, or in close proximity to the premises of the institution in which they are employed, is considered by Government to be necessary, and who have been specially provided with an official residence with this object free of rent.

(3) To an officer who is entitled to a free house as a part of his official emoluments in accordance with an order of Government.

Note.—A free-house does not include any of the furniture required for it but it means only a house free of rent. But when a Government building or a furnished house is given free to any officer under the special orders of Government, all that is usually done by any landlord will be done, such as providing mats, blinds, etc, and employing a gardener.

Public Works, dated 26th March 1908.

[illegible] to be paid per mensem by any private person for the occupancy [illegible] building will be fixed at the same rate as for Government officers, [illegible] there will be no maximum limit; there will however be a minimum [illegible] Rs. 2.

3. The collection of rents will rest with the Public Works Department, to [illegible] be notified. The recovery from Civil officers will be made on the [illegible] laid down in Government Order No. G. 5063-102, dated the 9th April 1907.

4. The payment of all Municipal taxes will be made by the Public Works Department.

5. The custody of all unoccupied buildings will rest with the Revenue Department. They will be held responsible for all wanton damage which may happen to [illegible] during its charge. Watchmen should be employed at Government cost only [illegible] when necessary. Proposals for the occupation of such buildings for [illegible] residences of officials or others, should be sanctioned by the Public Works Department.

6. The execution of repairs or other works required to the buildings in question rests with the Public Works Department. The work to be done to them by the Department will generally be confined to the ordinary periodical repairs, including [illegible] whitewashing, etc., and to what is necessary (1) for the stability of the [illegible] (2) for preventing saturation or leakage through the roof, (3) for proper [illegible] and (4) in exceptional cases, for providing minimum accommodation [illegible] actually does not exist) for a household of a nationality to which the officer [illegible]

7. The tenants are not at liberty to carry out any work which will alter or [illegible] the structural details of the buildings, nor cut trees in the compounds [illegible] without the express approval of the Executive Engineer. They shall also be [illegible] prohibited from erecting any temporary building or shed in the compound without [illegible] the sanction of the Executive Engineer.

8. The tenants will be held responsible for the condition of the buildings [illegible] during their occupancy and they are, on vacating, bound to hand over the same [illegible] in order, *i.e.* without any damage having been done to them.

9. Before vacating the buildings the occupants must give timely intimation [illegible] to the Public Works Officer, or subordinate at the place, of the date on which they [illegible] intend to vacate, to allow of an inspection being made to ascertain if the buildings [illegible] are left in proper order. If a building is not in that condition, what is [illegible] wanting should be noted and communicated to the party concerned [illegible] with a view to steps taken to recover cost of the same from him.

10. If a building is provided for a Government official as his residence, [illegible] and is not rented, bought, or adapted for the purpose, that official is bound to [illegible] occupy it, if he does not occupy it. But if the building is rented by some other [illegible] person, such rent will be deducted from the amount of rent [illegible] due by the official for whom the house was intended.

11. These rules do not apply to travellers' bungalows for the occupation, etc., [illegible] of which separate rules have been prescribed.

W. Mc HUTCHIN,
Secy. to Govt., P. W. Dept.

READ—

Government Order No. 735-7—P. W. 4837-9, dated the 12th June 1913, sanctioning among other things, the provision of stabling accommodation in the Cubbon Park compound for horses, carriages and motors of officers employed in public offices and non-official gentlemen who may have to attend the public offices daily on business.

Order No. G. 11836-84—G. M. 422-15-1, dated 24th February 1916.

The building as now constructed consists of 30 stalls for horses, 36 carriage sheds, and 6 motor sheds.

2. Government direct that a fee of Re. 1 for each horse stall or carriage shed and Rs. 3 for each motor shed be levied for each calendar month of its occupation or part thereof.

3. Applications for the use of the stalls should be made to the Registrar, General and Revenue Secretariat. On hearing from that officer that the required accommodation is available, applicants should credit the amount of fee fixed above in the District Treasury, Bangalore, and forward the receipt to the said officer who will, under the orders of the Secretary to Government, General Department, issue permits for occupation. The same procedure should be repeated in the case of further renewals, the fees being payable in advance within the 5th of the month to which they relate.

4. The Overseer of the Cubbon Park will be in charge of the building under the immediate orders of the Registrar, General and Revenue Secretariat, and be responsible for keeping the premises in a clean and sanitary condition.

5. The appointment of a watchman on Rs. 8 per mensem for the building is sanctioned.
